Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from A List of Books on the History of Science: Supplement December, 1916 The List of Books on the History of Science, which was issued in 1911, recorded the books available in January of that year, numbering some 1500 titles. Since then, however, a large amount of material on this subject has been received and not a few have been catalogued from the Gerritsen and Senn collections. This addition has been large enough to make it worth while to issue a Supplement to the previous list, and it is hereby offered as the twelfth of the Library's bibliographic publications. It contains nearly 800 titles. In 1915 a List of Books on the History of Industry and Industrial Arts, complaining about 3300 titles, was issued as the eleventh publication. These three lists bring together a large and important class of books the titles of which are widely scattered through the classed catalogue and not readily available there as a class. The present list has the same scope and character as the first; it covers the social,...
