Brand New Book ***** Print on Demand *****.Excerpt from **Food Guide for War Service at Home: Prepared Under the Direction of the United States Food Administration in Co-Operation With the United States Department of Agriculture and the Bureau of Education** In the spring of 1918 the Collegiate Section of the United States Food Administration was called upon to prepare a simple statement of the food situation as affected by the war, suitable for elementary and high school teachers, high-school pupils, and the general public. The demand arose because of the wide adaptation of the three courses on this subject then being sent out weekly to universities, colleges, and normal schools throughout the country. This little volume is the response to the request. It was written by Katharine Blunt, of the University of Chicago, Frances L. Swim, of the Chicago Normal School, and Florence Powdermaker, of the United States Department of Agriculture. The records of the Food Administration have been open to the writers and they have had the advice and criticism of its officials and specialists. No effort has been spared to secure accuracy of statement in the text. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
