How to Build a Time Machine (Paperback)

By Paul Davies

Penguin Books, United States, 2003. Paperback. Book Condition: New. Reprint. 96 x 38 mm. Language: English . Brand New Book. With his unique knack for making cutting-edge theoretical science effortlessly accessible, world-renowned physicist Paul Davies now tackles an issue that has boggled minds for centuries: Is time travel possible? The answer, insists Davies, is definitely yes once you iron out a few kinks in the space-time continuum. With tongue placed firmly in cheek, Davies explains the theoretical physics that make visiting the future and revisiting the past possible, then proceeds to lay out a four-stage process for assembling a time machine and making it work. Wildly inventive and theoretically sound, How to Build a Time Machine is creative science at its best illuminating, entertaining, and thought provoking.
