

## India: A History (Revised edition)

Filesize: 1.25 MB

### **Reviews**

*Completely essential read book. I could possibly comprehend every little thing using this written e book. You wont sense monotony at at any moment of your own time (that's what catalogues are for relating to if you ask me).*

*(Rosendo Douglas DVM)*

## INDIA: A HISTORY (REVISED EDITION)

HarperCollins Publishers. Paperback. Book Condition: new. BRAND NEW, India: A History (Revised edition), John Keay, A new edition of the most authoritative and highly-regarded single-volume history of India. Fully revised to include the most recent research and to cover events from partition to the present day. In 'India: A History' five millennia of the sub-continent's history are interpreted by one of our finest writers on India and the Far East. This definitive work combines narrative pace and skill with social, economic and cultural analysis. India's history begins with a highly advanced urban civilisation in the Indus valley, regressing to a tribal and pastoral nomadism, and then evolving into a uniquely stratified society. The pattern of inward invasion plus outward migration was established early: from Alexander the Great via the march of Islam and the great Moghuls to the coming of the East India Company and the establishment of the British Raj. Older, richer and more distinctive than almost any other, India's culture furnishes all that the historian could wish for in the way of continuity and diversity. The peoples of the Indian subcontinent, while sharing a common history and culture, are not now, and never have been, a single unitary state; the book accommodates Pakistan and Bangladesh, as well as other embryonic nation states like the Sikh Punjab, Muslim Kashmir and Assam. In this brilliant new edition, John Keay continues the narrative of India's history - covering events from partition to the present day and examining the very different fortunes of the three successor states: Pakistan, Bangladesh and the Republic of India. Based on the latest research, this is an indispensable history of a country set to be a definitive influence on the future of world economics, politics and culture.
