

Beyond the Crash: Overcoming the First Crisis of Globalisation

Filesize: 7.43 MB

Reviews

This book is very gripping and exciting. I was able to comprehend everything out of this written e publication. You will not truly feel monotony at any time of your respective time (that's what catalogs are for concerning should you question me).

(Eulalia Schamberger)

BEYOND THE CRASH: OVERCOMING THE FIRST CRISIS OF GLOBALISATION

Simon & Schuster Ltd. Paperback. Book Condition: new. BRAND NEW, Beyond the Crash: Overcoming the First Crisis of Globalisation, Gordon Brown, Gordon Brown's book offers insight into the events that led to the fiscal downward spiral and the reactions of world leaders as they took steps to avoid further disaster. The book also offers measures Brown believes the world should adopt to regain fiscal stability. Long admired for his grasp of economic issues, Brown's book is a work of paramount interest during these uncertain financial times and attracted intense media coverage. The book offers a unique perspective on the financial crisis as well as innovative ideas that will help create a sound economic future and will help readers understand what really has happened to our economy. Mr Brown has this to say: 'We now live in a world of global trade, global financial flows, global movements of people and instant global communications. Our economies are connected as never before, and I believe that global economic problems require global solutions and global institutions. In writing my analysis of the financial crisis, I wanted to help explain how we got here, but more importantly to offer some recommendations as to how the next stage of globalisation can be managed so that the economy works for people and not the other way around'.
