Brand New Book ***** Print on Demand *****.Malaria prevention and control is a major foreign assistance objective of the U.S. Government. In May 2009, President Barack Obama announced the Global Health Initiative (GHI), a comprehensive effort to reduce the burden of disease and promote healthy communities and families around the world. Through the GHI, the US Government will improve health outcomes, building upon and expanding successes in addressing specific diseases and issues. The President's Malaria Initiative (PMI) is a core component of the GHI, along with HIV/AIDS, maternal and child health, and tuberculosis. PMI was launched in June 2005 as a five-year, \$1.2 billion initiative to rapidly scale up malaria prevention and treatment interventions and reduce malaria-related mortality by 50 in 15 high-burden countries in sub-Saharan Africa. With passage of the 2008 Lantos-Hyde Act, funding for PMI has now been extended through FY 2014. A decline in the burden of malaria in Kenya has been observed in recent years due to aggressive efforts to scale up malaria control measures. This has reduced malaria transmission intensity in most parts of the country. In spite of...
