ADP PROCUREMENT: ARMY ACCOUNTING SYSTEM MODERNIZATION: IMTEC-88-14BR

BiblioGov. Paperback. Book Condition: New. This item is printed on demand. Paperback. 32 pages. Dimensions: 9.7in. x 7.4in. x 0.1in. In response to a congressional request, GAO reviewed the Armys plans to modernize its accounting systems to determine: (1) the Armys reasons for the modernization; (2) the effect of its automation strategy on planned computer upgrades at its Finance and Accounting Center; and (3) whether the Armys plan to replace automatic data processing equipment at the center would restrict competition among vendors. GAO found that the Army: (1) appointed a project manager to oversee its modernization strategies; (2) plans to consolidate its 52 existing accounting systems into 8 subsystems for its 3 major accounting departments; (3) did not approve funding for a 1989 replacement contract for the centers equipment; (4) plans to remove a specification for a 3-tier architectural standard from its Accounting System Strategic Plan to avoid restricting competition; (5) transferred certain funding responsibilities for the modernization of the centers equipment to other Army organizations resulting in a decrease of its 1986 cost estimate from 380 million to 277 million; (6) had spent about 110 million on the accounting system modernization as of March 1987; and (7) plans to update its cost estimate to include all computer equipment costs. This item ships from La Vergne, TN. Paperback.
