A professional woman's mind is a terrible thing to waste. With two kids, a mortgage, and a husband who's about to lose his job, the last thing Karen Robertson needs is to get fired from her own. Ordinarily, she enjoys her work in the Communications Department of Zomar Industries, where she, Darcy, Whitney, and Luba click on keyboards all day in a friendly four-station cubicle nicknamed The Blonde Pod. But management happens. Counting time spent in a pediatrician's waiting room as vacation is bad. Switching the company's entire database of office supply products into an untested new software program is worse. Can Karen help it if a certain highly sensitive tidbit of information just happens to fall onto her desktop? Is a little blackmail between co-workers really so wrong? With both her work life and her home life threatening to crash down around her, Karen struggles to choose between what she knows is right. and what sounds like a hell of a lot more fun.
