Brand New Book ***** Print on Demand *****.America s first education law, The Old Deluder Satan Act, was passed in 1642 to protect Johnny and Suzy from the devil s form of government: Common-ism. Now in the 21st Century, poor Johnny and Suzy have no idea such a law ever existed nor do they know why there is a need for such a law. Their inability to articulate the basic principles of freedom and why they and their parents must defend freedom has now placed them in imminent danger. Their parents may suspect something wrong but can t put their finger on how it happened. You see, mommy and daddy have been raised to believe it takes a minimum of twelve years to teach children how to read, write and do math. Mom and dad have been trained to avoid confrontations and not think about anything that makes them feel uncomfortable. They just don t realize it. yet. This timely work from Esther Watchmen draws a map from the beginning so we can finally understand the fundamental change that s come to America. Understanding what s happened and how it s happened will help readers protect themselves, their children and their nation from further destruction. The world is changing but it isn t going to get better until we all face the facts and start protecting our children. For the parents that say, That s not happening in my kid s school, the appropriate response is, Yes, it is. Read this book!.
