Reviews

This book might be really worth a read, and superior to other. This really is for all who statte there had not been a really worth studying. I am just happy to tell you that this is basically the very best pdf i actually have read through during my very own lifestyle and may be he best ebook for actually.

Harvard University Press, 2014. Couverture rigide. Book Condition: Neuf. Dust Jacket Condition: Neuf. Translated by Anthony Kaldellis. Collection Dumbarton Oaks Medieval Library. 576 pages. Présentation de l'éditeur : "Among Greek histories of the fall of Constantinople in 1453, the work of Laonikos (ca. 1430ca. 1465) has by far the broadest scope. Born to a leading family of Athens under Florentine rule, he was educated in the Classics at Mistra by the Neoplatonist philosopher Plethon. In the 1450s, Laonikos set out to imitate Herodotos in writing the history of his times, a version in which the armies of Asia would prevail over the Greeks in Europe. The backbone of the Histories, a text written in difficult Thucydidean Greek, is the expansion of the Ottoman Empire from the early 1300s to 1464, but Laonikoss digressions give sweeping accounts of world geography and ethnography from Britain to Mongolia, with an emphasis on Spain, Italy, and Arabia. Following the methodology of Herodotos and rejecting theological polemic, Laonikos is the first Greek writer to treat Islam as a legitimate cultural and religious system. He followed Plethon in viewing the Byzantines as Greeks rather than Romans, and so stands at the origins of Neo-Hellenic identity. This translation makes the entire text of The Histories available in English for the first time."
